Please take the time to read.... This unique offer!**

**As 100 %, sole share older of this company LMDS I am selling up to  
50 % or number of share in LMDS.**

**Some information on LMDS history as follow:**

**LA MAR DIAMANT (S.E.A.) PTE LTD    ACRA 197402044N    LMDS**

The trademark LAMARSTONE ® brought stone technology to Singapore in 1972.

Since that time it has clad some of country's best designed buildings in the loveliest marbles and granite of the world. Its technology skills are in a direct line of descent dating back 3000 years to ancient Greece and Rome. Hence the sheer beauty and perfection of the fished floors and walls it has decorated.

Quality control is the hallmark of LAMARSTONE ®. This ensures not only the superb natural quality of the best raw materials but the expert, conventional and specialized water-jet cutting, polishing and installation which guarantees lasting beauty. Responsible for this is Andrea Maoro who had youthful experience of the marble culture of his native Italy. His whole family had a strong orientation towards the marble and construction industry. His father being a civil engineer and his grandfather an architect. In his mature years his management and technical know-how have stood him in good stead in setting up LA MAR DIAMANT factories and in moving its technology forwards for the LAST TWO DECADES, IN SINGAPORE.

An expert in all aspects of the industry, he is always happy to give technical advice and assistance on various projects. A supporting company executes projects under his direction. He is in a position to guarantee prompt, economic and efficient service whether in site measurement, surveying and installation He is a highly esteemed office member of the Singapore Manufacturers' Association and a Member of the Marble Institute of America.

In summary La Mar Diamant (SEA) Pte Ltd is the one company that can handle professionally every process of stone technology, every step of the way from the initial concept, through all phases of quarrying, cutting, polishing to the final shipping and delivery.

LA MAR DIAMANT (SEA) PTE L TD produces a wide range of Dimensional Stone, Granite, Marble, Cobble Stone, Terrazzo Tiles and Conglomerated Marble.

In addition it markets the very latest machinery and abrasives for cutting and polishing and maintaining the above.

You can rely on LAMARSTONE ®
