

Plan of Action

- Get a group of concerned citizens, make an appointment and have a "friendly" talk with the sheriff. Have all people who support this cause sign the petition.
- Explain your concerns to your Sheriff respectfully and request that he protect the rights of the citizens in his county against this federal regulation which will violate the Constitution.
- Arrange for Sheriff Richard Mack to call your sheriff the following day. His number is available at www.childhoodshots.com

Follow-up

- We must hold our sheriff accountable, get him/her to sign a "Statement of Intention"
- Fax your sheriff's Statement of Intention to 843-766-1969. We will post sheriff's position on the website.
- Have the sheriff inform the necessary federal agencies that your county will not allow any ***forced unconstitutional*** swine flu vaccine program
