

On December 16th, 1773, American colonists dumped tea into the Boston Harbor to protest an oppressive tax. This December 16th, American citizens will dump millions of dollars into the **Ron Paul** presidential campaign to protest the oppressive and unconstitutional [inflation tax](#) - which has enabled a flawed foreign policy, a costly war and the sacrificing of our liberties here at home.

Please join us this **December 16th 2007** for the largest one-day political donation event in history. Our goal is to bring together 100,000 people to donate \$100 each, creating a one day donation total of **\$10,000,000**.

Ron Paul 2008

HOPE FOR AMERICA

"We have allowed our nation to be overtaxed, and over-regulated, and over run by bureaucrats. The founders would be ashamed of us for what we're putting up with. A matter of fact if you look at every single problem we're facing today it's because of the lack of respect for the rule of law and the Constitution."

- Ron Paul

This event is being organized by regular citizens like you and me. Please visit www.ronpaul2008.com to view the official campaign site to learn more about Ron Paul and please consider a donation this Sunday the 16th to help restore our liberties and return our government to the Constitution as our Founders intended.
