Allow me to introduce myself: my name is Jim Martin and I am an assistant organizer for The Middlesex County Ron Paul 2008 Meetup Group. I would like to inform your group of an event we are participating in and extend an invitation to anyone else who wishes to participate. It has come to our attention that Mr Bush and Mr Cheney are attempting to garner public support to launch a preemptive strike on Iran and its people. Battleships have been standing by in the gulf and are on alert, waiting for the orders to proceed - which could be anytime now. This would result in a new war, causing a strain on our troops and our economy. As it is, our national debt has already doubled during Mr Bush's 6 year reign. It has been suggested that if we do go to war, a draft will be the only way that we can refresh our already strained troops. Another option they are putting forth is to offer illegal immigrants citizenship in exchange for military service. Should we as a nation allow this to happen? As a group who is supporting a great congressmen, and hopefully our next President, Ron Paul - we say "No!". We are planning to do something about it this Tuesday. We invite your groups to join us as we exercise our right to free speech to protest these unjust and undeclared wars. Below is the detail of what, where and when. May I also encourage you to check out the following web page and see what is being planned nationwide in support of this cause @ <http://www.strike911.org/>

**If your group is interested in joining our vigil please email Michael at MichaelJNass@Gmail.com or simply show up downtown this Tuesday evening. BYOC (Bring your own candles)
Thank you for your time**
