SILICON VALLEY IMPEACHMENT COALITION

May/Jun 2008

A Petition from the People of Mountain View to their City Council urging them to pass a resolution demanding that Congress shall begin hearings to determine whether President Bush and/or Vice-President Cheney have committed High Crimes and Misdemeanors.

We ask our Council to do this because Congress continues to abdicate its Constitutional duty to investigate while the assault on the people's liberties continues and the cost in lives and treasure continue to destroy our community.
