**SILICON VALLEY IMPEACHMENT COALITION**

**Apr 08 2008**

Dear Representative Lofgren:

Silicon Valley Impeachment Coalition has conducted a survey soliciting people's opinion on the impeachment of Richard Cheney, Vice-President of the United States. This survey has appeared in the Mountain View Voice on Jan 25 and Feb 15 and in the Metro on Mar 19. The questions were:

**Do you think that:**

Vice-President Cheney has violated the Constitution?	<b>Yes No</b>
Local House Reps – Lofgren, Honda, & Eshoo – should call for impeachment hearings against Cheney?	<b>Yes No</b>
If hearings reveal impeachable offenses, Cheney should be impeached?	<b>Yes No</b>

We enclose for your attention ten returned surveys from the Mountain View Voice and nine from the Metro. This survey was also taken to the California Democratic Party Convention; twenty three were signed. Another nine were signed at the Iranian New Year celebration. The total number of responses was fifty one of which forty eight were **Yes** and three were **No**.

While gathering responses, we have been struck yet again with the passion for impeachment hearings and the rarity of negative responses. As a Representative, supporting hearings on impeachment would be the most representative thing that you could do.

Sincerely,
