### Come Meet Angie Freeman

A Tierrasanta mother of two who enjoys riding with her husband on their Harley Davidson motorcycle, Angie has aplastic anemia and leukimia. She has received more than 100 transfusions to treat her disease so far. Your blood donation can make sure Angie's there for her children and enable her to keep enjoying those rides with her husband. You can also help other mothers like Angie spend less time in a hospital and more time with their families.

*The difference in life is you!*
