

“Villa Orchard”

‘A romantic lodge where dreams come true’

This Colorado styled five bed roomed wooden Villa is situated in the mountains in Bran Predulut with panoramic views of the Carpathian mountains and the valley of Bran. The Villa is surrounded by a national park and there are Orchard trees growing fruit. The views from the completely glass frontage are breathtaking and constantly change with the seasons and the hour of the day.

Colorado is renowned for its excellent luxury accommodation and in Villa Orchard you will also find the same high quality. The approach to the lodge is via the beautiful setting of Bran Castle, famous for Bram Stoker’s Dracula through a quiet residential development, leading to a single road winding high up into the mountain side. The focus of Villa Orchard is the spacious lounge and dining area with log burning fire place and plenty of space to relax and enjoy your stay. There is no better way to relax after skiing, walking in the mountains or after a hard week at work than in Villa Orchard.

The Villa is fully equipped with a Sauna and Jacuzzi which will help you to unwind after a stressful week. Take a moment of stillness and calm and enjoy the beautiful view of the valley through the three story glass window frontage. Make yourself some coffee in the

quality kitchen and retire to the lounge and enjoy the atmosphere with the surround sound digital satellite television system.
