
CONNECT. BUILD. GROW.

BROOKLYN BUSINESS BASE

As connecting Lego® bricks builds a structure, so connecting with other small business owners and entrepreneurs builds a solid network. And even as your Lego® structure grows as you build, so will your business grow as you build a network. Come to a Brooklyn Business Base Meetup to network, find new customers, get advice and avoid costly mistakes. Hear how others have overcome hurdles and achieved success. All serious networkers are welcome!
