

We, the undersigned, members of the Libertarian Party of Oregon, who are so qualified to submit such a petition, petition the Libertarian Party of Oregon to settle a matter of interpretation that arose out of the nominating process for our party.

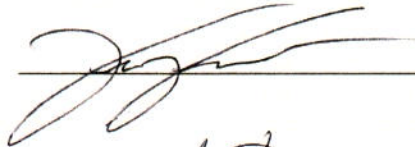

Our questions are as follows:

1. Do LPO governing documents explicitly authorize nominations for public office of any person who is not a registered Libertarian elector in the state of Oregon?
2. Do LPO governing documents explicitly require the LPO Chairperson to sign certificates of nomination for persons who are not registered Libertarian electors?
