**Richard Haass**  
(President of CFR,  
Enemy to the  
United States)

**War of Necessity,  
War of Choice: A  
Memoir of Two Iraq  
Wars**

**On ending U.S. sovereignty:**

*"The United States' unipolar moment is over. International relations in the twenty-first century will be defined by nonpolarity. Power will be diffuse rather than concentrated, and the influence of nation-states will decline as that of non-state actors increases." – Richard, Haass, Bilderberg Conference, June 5, 2007*

*"State sovereignty must be altered in globalized era," that a system of world government must be created and sovereignty eliminated in order to fight global warming, as well as terrorism. Moreover, states must be prepared to cede some sovereignty to world bodies if the international system is to function... Globalization thus implies that sovereignty is not only becoming weaker in reality, but that it needs to become weaker. States would be wise to weaken sovereignty in order to protect themselves..." – Richard Haass*

**On Manipulating America with Environmental issues:**

*'The common enemy of humanity is man. In searching for a common enemy to unite us, we came up with the idea that pollution, the threat of global warming, water shortages, famine and the like would fit the bill.' – Richard Haas, Club of Rome Document, 1991*

**Building a North American Community**

***The CFR task force report called for establishment of a common security border perimeter around North America by 2010, along with free movement of people, commerce and capital within North America, facilitated by the development of a North American Border Pass that would replace a U.S. passport for travel between the U.S., Canada and Mexico. Also envisioned by the CFR task force report were... A North American court..., A North American inter-parliamentary group..., A North American executive commission..., A North American military defense command..., A North American customs office and..., A North American development bank.***

**The National Interest and the Law of the Sea**

"Senate Should Move Quickly to Join Convention on Law of the Sea," says the heading of a May 4 [press release](#) from the Council on Foreign Relations (CFR). As noted [here](#) in April, it was to be expected that the usual lobbyists for world government would exploit the recent increase in Somali pirate activity to push for Senate ratification of the UN Law of the Sea Treaty (LOST). And, as we pointed out [here](#) and [here](#) in February, the campaign to provide the United Nations with vast new legislative, judicial, and executive powers — including the power to tax all earthlings, Americans not excepted — is being led by the CFR, which has been in the forefront of this and other "global governance" power grabs.

## About the Council On Foreign Relations (CFR):

*"The CFR is the American Branch of a society which originated in England, and which believes that national boundaries should be obliterated, and a one-world rule established."* – **Carroll Quigley**

*"Does it not seem strange to you that these men just happened to be CFR and just happened to be on the Board of Governors of the Federal Reserve, that absolutely controls the money and interest rates of this great country without benefit of Congress? A privately owned organization, the Federal Reserve, which has absolutely nothing to do with the United States of America!"* – **Barry Goldwater**

*"The CFR is the establishment. Not only does it have influence and power in key decision-making positions at the highest levels of government to apply pressure from above, but it also finances and uses individuals and groups to bring pressure from below, to justify the high level decisions for converting the U.S. from a sovereign Constitution Republic into a servile member of a one-world dictatorship."* – **Congressmen John R. Rarick**

*"The Council on Foreign Relations, another member of the international complex, financed both by the Rockefeller and Carnegie foundations, overwhelmingly propagandizes the globalist concept."* – **Congressman B. Carroll Reece**

*"The Trilateral Commission doesn't run the world, the Council on Foreign Relations does that!"*  
**Winston Lord, Assistant Secretary of State, the U. S. State Department**

## Leaked Agenda 2009: Bilderberg Group Plans Economic Depression

## Secret meeting of world's richest people held in New York (Wednesday, May 20, 2009)

A top-secret meeting of the world's richest people to discuss the global financial crisis was held in New York on May 5, IrishCentral.com has learned exclusively.

The mysterious, media-blackout meeting was called by Warren Buffett, CEO of Berkshire-Hathaway; Bill Gates, co founder of Microsoft; and David Rockefeller Jr., chairman of Rockefeller Financial Services.

In addition to Gates, Buffett and Rockefeller, the attendees included Oprah Winfrey, George Soros, Ted Turner, and New York City Mayor Michael Bloomberg, among others.

It was held in the President's Room at Rockefeller University In New York at 3 p.m. on that Tuesday afternoon.

How so many giant figures in American life managed to interrupt and coordinate their schedules on such short notice, and meet in total secrecy in the world's media capital remains a mystery -- as does the ultimate outcome of the billionaires' conference.

In their letter of invitation, Gates, Buffett and Rockefeller cited the worldwide recession and the urgent need to plan for the future. They said they wanted to hear the views of a broad range of key leaders in the financial and philanthropic fields.

Each attendee was given 15 minutes to deliver a presentation on how they saw the future global economic climate, the future priorities for philanthropy, and what they felt the elite group should do.

## Elitists divided on whether to quickly sink economy and replace it with new world order, or set in motion long, agonizing depression.

The Bilderberg Group meeting is an annual confab of around 150 of the world's most influential powerbrokers in government, industry, banking, media, academia and the military-industrial complex. The secretive group operates under "Chatham House rules," meaning that no details of what is discussed can ever be leaked to the media, despite editors of the world's biggest newspapers, the Washington Post, the New York Times and the Financial Times, being present at the meeting.
