

Children's Hearing Summit

An Age-Specific Seminar for Parents of Children with Hearing Loss
Saturday, March 10, 2012

- ◆ Do you have questions about your child's hearing loss?
- ◆ Are you concerned about school transitions and what that means for your child?
- ◆ What about "bullying" as your child moves through the mainstream education setting?

The HLAA-Manhattan Chapter Parent Support Network and Host Weill Cornell Medical College, in collaboration with key NYC-based hearing loss resource centers, present a free seminar for parents of children with hearing loss. Seminar sessions will be targeted toward age-specific groups so that as a parent you receive the most relevant information and suggestions needed to help your child succeed.
