

Navigation Behavioral Consulting Group

Presents

# Navigating the World of Challenging Behavior

**A workshop for parents and professionals who work with children with special needs.**

## **About the workshop**

This workshop will focus on challenging behaviors. Participants who attend will analyze common mistakes that are made which inadvertently strengthen challenging behaviors. Principles of Applied Behavior Analysis will be discussed which will teach participants to: identify why the challenging behavior is occurring, techniques to prevent challenging behavior, and techniques to reduce/decrease challenging behavior.

Certificate of attendance will be provided upon request. Proof of attendance to a workshop by Navigation Behavioral Consulting will provide you with a discount on future workshops.

If you have questions about this workshop and future workshops, please contact us by email:

[NavigationABA@gmail.com](mailto:NavigationABA@gmail.com)
