

MIKE HUCKABEE ON THE ISSUES

SANCTITY OF LIFE

I support and have always supported passage of a constitutional amendment to protect the right to life. My convictions regarding the sanctity of life have always been clear and consistent, without equivocation or wavering. I believe that Roe v. Wade should be over-turned.

MARRIAGE

I support and have always supported passage of a federal constitutional amendment that defines marriage as a union between one man and one woman. As President, I will fight for passage of this amendment. My personal belief is that marriage is between one man and one woman, for life.

HEALTH CARE

Our health care system is making our businesses non-competitive in the global economy. It is time to recognize that jobs don't need health care, people do, and move from employer-based to consumer-based health care.

TAXES

I support the Fair Tax.

EDUCATION

I have been a strong, consistent supporter of the rights of parents to home school their children, of creating more charter schools, and of public school choice.

EDUCATION

We need a clear distinction between federal and state roles in education. While there is value in the "No Child Left Behind" law's effort to set high standards, states must be allowed to develop their own benchmarks.

IMMIGRATION

We have to know who is coming into our country, where they are going, and why they are here. We need a fence along our border with Mexico, electronic in some places, and more highly-trained border agents.

WAR ON TERROR

I believe that we are currently engaged in a world war. Radical Islamic fascists have declared war on our country and our way of life. They have sworn to annihilate each of us who believe in a free society, all in the name of a perversion of religion and an impersonal god. We go to great extremes to save lives, they go to great extremes to take them. This war is not a conventional war, and these terrorists are not a conventional enemy. I will fight the war on terror with the intensity and single-mindedness that it deserves.

2ND AMENDMENT RIGHTS

The Second Amendment is primarily about tyranny and self-defense, not hunting. The Founding Fathers wanted us to be able to defend ourselves from our own government, if need be, and from all threats to our lives and property.
