## Disc Golf General Recreational Rules

- 1) BE EARTH-CONSCIOUS — **DON'T LITTER**: There are garbage cans located throughout the course.
- 2) Disc golf is played like ball golf, using flying discs. One stroke is counted each time the disc is thrown, and when a penalty is incurred. The winner is the player with the lowest score.
- 3) Tee throws must be completed within or behind the designated tee area. The player may pass the tee after release of the disc.
- 4) After teeing off, the player whose disc is furthest from the hole always throws first. The player with the lowest stroke on the previous hole is first to tee off.
- 5) Foreplay throws must be made with the foot closest to the hole on the spot where the last throw came to rest. The other foot may be no closer to the hole than the foot on this side.
- 6) A run-up and normal follow-through, after the release, are allowed more than 10 meters from the hole. Inside 10 meters, a player may not step and neither be "falling" or "jumping" into the hole. A disc that comes to rest inside the basket or chains constitutes successful completion of that hole. A disc that comes to rest on top of the pole does NOT constitute a successful putt.
- 7) A disc that comes to rest more than 2 meters above the ground is considered unplayable. The disc must be thrown from the ground directly below the disc. 1 stroke penalty.
- 8) A throw that lands out-of-bounds must be played from the point where the disc went out-of-bounds. 1 stroke penalty. In inclement weather, roads, parking lots and walkways are normal disc golf out-of-bounds hazards.
- 9) Never throw until the players ahead of you are out of range, and until the fairway is completely clear of spectators and park guests.
